

Chris Harley

Front End Developer/UX Engineer | Charlotte NC | 678-865-3314

[Portfolio](#) | [Github](#) | [Linkedin](#) | [Email](#)

Front end developer and former U.S. Army paratrooper. My passion is designing and developing beautiful interfaces. I enjoy solving user problems with pixel perfect designs and then bringing those designs to life with modern web technologies like React

Developer Skills

- JavaScript, ES6, React, Gatsby, GraphQL, Git, Headless CMS, Jamstack, Design, Figma, CSS-in-JS

UX Design Skills

- User Experience Design, Visual Design, User Research, User Interviews, User Flows, Empathy Mapping, Competitive/Comparative Analysis, Usability Testing, Task Analysis, Wireframes, Information Architecture, Problem Solving, Prototyping, Card Sorting

Education

General Assembly | Certificate in User Experience Design | Online

March 2022 – June 2022

- User Experience design program covering the design thinking process

DigitalCrafts | Certificate in Software Engineering | Online

March 2020 – July 2020

- Software engineering training program covering full-Stack development

Berklee College of Music | BA Music Business | Online

Dec 2011 – Dec 2015

Project Showcase
